Mississippi Individual Income Tax Checklist

ADJUSTMENTS TO GROSS INCOME

Every subject listed below is some type of adjustment to gross income of an individual taxpayer. These adjustments are to be deducted from the gross income of a taxpayer and are similar to federal adjustments to gross income. This table is only true for state income tax purposes. These adjustments should be reported on page 2 of the resident and non-resident forms.

Payments to an IRA

You may deduct payments to an IRA to the extent that such payments are deductible for federal income tax purposes. Use the worksheet in your federal income tax instructions to figure our deduction for payments to an IRA.

Payments to Self-employed SEP, SIMPLE, and Qualified Plans

You may deduct contributions to Self-Employed Retirement Plans to the extent that such contributions are deductible for federal income tax purposes. If the contributions or any part thereof, are not deductible for federal income tax purposes, they are not deductible for Mississippi income tax purposes.

Interest Penalty on Early Withdrawal of Savings

Federal Form 1099-INT given to you by your bank or savings and loan association will show the amount of any interest penalty you were charged because you withdrew funds from your time savings deposit before its maturity. The amount of such penalty is deductible.

Alimony and Separate Maintenance Paid

Alimony payments you made are deductible to the extent allowable for federal income tax purposes. Include the name, social security number and state of residency of the individual to whom the alimony was paid. If you paid more than three individuals alimony payments, attach a supplemental schedule and enter the total on this line. Note: Per the Tax Cut and Jobs Act (TCJA), alimony and separate maintenance payments are no longer deductible for any agreement executed or modified after December 31, 2018.

Moving Expenses

You may deduct moving expense(s) as an adjustment to gross income to the extent allowable for federal income tax purposes. Attach a copy of Federal Form 3903. Note: Per TCJA, moving expenses will no longer be deductible except for active duty members of the military based on military orders. Miss. Code Ann. §27-7-18(2) provides the deduction from Mississippi income taxes in accordance with federal provisions.

Contributions must be made on or before the deadline for making contributions to an IRA under federal law for such years (by the due date of the return, not including extensions.) Only amounts contributed to these programs are excluded from Mississippi income. Note: Per the TCJA, qualified education expenses for purposes of 529 plans are no longer limited to higher education but will also include elementary and secondary public, private, home school or religious school expenses up to \$10,000 per year.
